of the Historical List of HORSE-
RACES.

GENTLEMEN.

AS the Delay of the Publication was occasioned
by the confused Situation Mr. *Cheny* left his
Affairs in at the Time of his Death; it is most
humbly hoped, the Worthy Subscribers will excuse
the Publishers, and continue the Favour of their
Subscriptions, which will be most thankfully ac-
knowledged, by their Most Obedient, and most
Humble Servants,

John Cheny, and Thomas Butler.

As my Father was the first Person who attempted
a Work of this Nature, and spent 23 Years to
bring it to the Perfection it is at present; I humbly
hope this Consideration will incite the Worthy
Subscribers and Others, to encourage this Work
against the Attempts which are making by some to
prejudice its Sale, by publishing something on the
same Plan.

JOHN CHENY.

I Have been desired to publish the few following rules, relating to the methods of matching and fighting of cocks in *London*, said to have been in practice there, ever since the time of King *Charles the Second*.

Which methods in fighting of a main are, are as follows.
To begin the same by fighting the lightest pair of the cocks (which fall in Match) first, proceeding successively upward, to the end; that every lighter Pair may fight earlier than those which are heavier, and every heavier Pair, later than those which are lighter; and consequently, that the largest of all may fight last.

In matching (with relation to the battles) it is a rule always in *London*,

That after cocks for the main are weighed, and the match bills are compared,

That every pair of dead, or equal weight are separated, and fight against others, provided that it appears, that the Main can be enlarged, by adding thereto, either one Battle or more thereby.

STALLIONS design'd for covering this Season, viz:

THE fine bay Arabian horse, brought over by Mr.
Moscow, from Constantinople, is now in the hands
of Mr. Charles Wilson, at the George at Hyde-park-
corner; will cover this season at three guineas a leap
and trial, and half a crown the man, the money to be
paid at the stable door; he is near fifteen hands high,
and free from any natural blemish.

Now in the hands of George Nicholson, esq; a dark
bay Arabian, full fifteen hands, for beauty and strength
exceeds most of the kind ever known in England, and
gets the finest foals; he is kept at Stockport in Che-
shire, or Chadkirk within two Miles, he covers at two
guineas a mare, and half a crown to the servant to be
paid at the stable door. Good grass and care for mares.

At North-Milford, near Tadcaster, Yorkshire, the
famous black horse called Sloop will cover March this
Season

Season, at three guineas a mare, and half a crown the servant. Sloe is very healthful and in good order; he was bred by Thomas Panton, esq; he is full fourteen hands three inches and an half high, goes very well upon his legs, and is master of twelve stone, and allowed by the best judges, to be as fine a horse as any in England.

I do hereby certify, that Sloe was got by Crab; his dam by the duke of Devonshire's Childers, his grand-dam by the said duke's Sutton-Turk, and was called old Mermaid: She beat six horses for the Walsley's stakes; his great grand-dam by Ballo, his great great grand dam by Makeless, out of a full sister to famous Honeycomb-Punch, got by the Taffet Barb. Sloe won a fifty guineas prize, against twelve horses, at Northampton, in September, 1745. In April following, at Newmarket, he won a Sweepstakes match of three hundred guineas; and three days after, in the hundred guineas for horses rising Six. The summer following he won the King's plates at Salisbury, Winchester, Canterbury, Lewes, and Newmarket, and was never beaten. **THO. PANTON,**

Also at North-Milford aforesaid, the famous Bolton Starling, out eight guineas a mare, and half a crown the servant; his pedigree and performances are so well known to sportsmen, that it is needless to repeat them. He is very fresh and in good order, clear of blemishes, and was the sire of the duke of Ancaster's Starling, earl of Portmore's Skim, Mr. Mastindale's Tom-Tom and Augustus, Mr. Grisewood's Teaser, and several good horses in Ireland.

At North-Milford, near Tadcaster, Yorkshire the Libenise, at the same place, the famous bay horse called

called Second, at three guineas a mare, and half a crown the servant. Second is very healthful and in good order : He was bred by the duke of Devonshire, and got by the said duke's Childers ; his dam by Basto, and was the dam of old Crab, Puff, Black-legs, Snip, bay Mott, &c. his grand dam by the Curven bay barb, and was the dam of Mr. Croft's stallion Partner ; his great grand dam by the Curven Spot ; his great great grandam by the white leg'd Lowther Barb, out of the Vintner mare. Second is very near fourteen hands three inches high, and a fine strong well proportioned horse, master of twelve stone, clear of all natural blemishes, goes well upon his legs, was thought by most men to be the best horse of his Years. In April 1737, he beat lord Londale's Solian, a match for 200 guineas a side ; in the June following he won the king's 100 guineas for five year olds at Ipswich ; in April 1738, he won the prize of six hundred guineas called the Walasey's stakes, at Newmarket, and the King's 100 guineas there in October following ; and several other prizes too tedious to mention.

N. B. The three abovementioned horses are very very lucky in getting Foals. Good grass for mares and proper care taken of them.

At Barrow Hedges, near Carshalton, Surrey, Moscov's beautiful grey Arabian covers at three guineas a mare, and half a Crown the servant. He is a healthy sound horse, gets fine colts, and is judged to be as fine a horse as ever was brought to England : He was with five others that are sold, brought by Mr. Moscov from Constantinople, has refused for this five hundred pounds, and is still in his own Possession. Good grass for mares and proper care taken of them.

The noted horse Blaze, now in the hands of John Luck

Luck and Joseph Smith, at Beverly in the county of York, will cover mares this season at three guineas and half a crown each mare.

Also in the same hands, at the same place, the famous well shaped chesnut horse, called Joseph Andrews, fifteen hands and an inch high, fit to carry eighteen stone weight a hunting; bred by Leonard Hartley, esq; near Richmond in Yorkshire, at one guinea and half a crown each mare. He was got by Roundhead, who was out Roxana and the Devonshire Childers; Joseph's dam was got by Hip, bred by Charles Pelham, esq; and got by the old bay barb; his grand dam by Mr. Hartley's blind horse; his great grand dam was old Flying Whigg, bred by Lord Godolphin, she was got by the Woodstock Arabian, her dam by St. Victor's barb, who got the old bald galloway, and her grand dam by old grey Why-not.

LEONARD HARTLEY.

N. B. In 1748 he won the five years old plate at Lincoln; in 1749 he won the six years old plate at Epsom, the king's plate at York, and the king's plate at Lincoln. Good grass for mares.

In the hands of Benjamin Rodgers, of Mickleham, near Leatherhead and Dorking in Surrey, the bay horse called Babraham, and will cover this season at two guineas a leap and trial, and two shillings the servant.

Babraham is full 16 hands high, and master of 18 st. and free from all natural Blemishes. As to his performances in the racing way, they are so well known to all sportsmen, that they are needless to mention here. He was got by the earl of Godolphin's Arabian, and out of his Lordship's large Hartley Mare; she was got by Mr. Hartley's blind horse (a son to the Holderness Turk;)

Turk;) she was out of Mr. Ovington's flying Whig, which was got by Williams's Arabian at Woodstock, the sire of Mr. Frampton's Spider, and Points, her dam, was bred by Capt. Rider, and got by the St. Victor Barb, out of a Daughter of Why-not. The St. Victor Barb was the sire of the Ball'd Galloway.

Likewise in the same hands, and will cover this season, at 15 shillings a leap and trial, and 1 shilling the servant, a fine strong bay horse, rising 7 years old, and never broke, full 14 hands and 3 inches high. He was bred by the earl of Portmore, and got by his lordship's Cartouch, and out of Skin's dam, called Ebony, which was got by the duke of Devonshire's Childers, and out of his late grace the duke of Rutland's Ebony.

N. B. Good grass for mares, and proper care; and the money for both the above stallions to be paid at the Stable door.

The grey horse known by the name of Dismal will cover at Denton near Otley; in the West-riding of the county of York, the ensuing Season, at three guineas a mare and a crown to the Groom. He was got by the Godolphin Arabian, his dam by the Alcock Arabian, his grand dam by the Curwen Bay Barb out of a natural barb mare.

He is 15 hands high, of great bone, quite fresh, sound, and free from any kind of blemish.

He won the great stakes of 1000 guineas at Newmarket, five king's plates, and never was beat.

In the hands of William Garlick, at Charlton, near Malmesbury in Wiltshire, the beautiful strong grey horse called Frisic; he was got by old Fox, son of clumsy, son

son of Hautboy, son of the white Darcy Turk; his dam was bred by Charles Pelham, of Brocklesby, esq; she was got by his grey Arabian, which was the sire of old Crab: her dam was got by the old bay barb, and out of a natural Arabian mare, which was thought by judges to be as fine a mare as ever was seen. He has won several fifty pound prizes, but the places and particulars are too tedious to mention: He is sound and quite free from any natural blemish, and will cover this season at one guinea a mare, and one shilling the Man, the Money to be paid at the stable door. Grals for mares near the Horse, and proper care taken of them.

At Rushton, near Kettering, in Northamptonshire, the brown bay Arabian, brought over by Mr. Moscow, full 15 hands high and free from blemish; he covers mares for five guineas each mare and half a crown to the servant. He is reckoned, by all judges who have seen him, to be as proper a horse to get running Cattle as has been brought into this Kingdom for many years past. Good grals may be had for mares at reasonable rates, at Rushton aforesaid near the horse.

He won the great Newmarket race, and was beat.

In the hands of William Galtick, at Chesham, near Maidenbury in Wiltshire, the beautiful black grey horse called Tattle; he was got by old Fox, son of Chumley.

To all Gentlemen Sportsmen, that have the direction of Plates to be run for: Whereas last year the conditions of plates, in many places, were for horses that had not won above fifty pounds, by which many middling horses were disqualified from entering, having won no more than fifty guineas or a match: As a sportsman, I would recommend the articles to be made for horses that have not won above fifty guineas, instead of pounds, (matches excepted) it would then permit of more horses to run, and add more to the pleasure of all gentlemen that are lovers of that diversion; and it would likewise be a greater benefit to all places where such plates are agreed to be run for.
